Pennsylvania State Data Center

2011 Pennsylvania County Data Books

The Pennsylvania State Data Center recently released the 2011 County Data Book series. A data book is available for each of Pennsylvania's 67 counties and contains the most comprehensive data available. Data is primarily presented in table format for easy analysis; however, there are also reference and thematic maps, where appropriate. Data is provided for state, county, and municipal levels on a wide variety of topics.

Visit the PaSDC on the web at PaSDC.hbg.psu.edu

Order Form:
