

Understanding the state of your local economy is the first step in developing effective strategies for growth. The PaSDC will show you how and where to access data that you can use to identify new economic opportunities in your community. Data sources covered include the 1990 & 2000 Census, American Community Survey (ACS), Population Estimates and Projections, Industry and Workforce data, Housing and Transportation, & more!

Economic & Workforce Development Data Workshops

Find the Data You Need to Develop Effective Growth Strategies for your Local Economy...

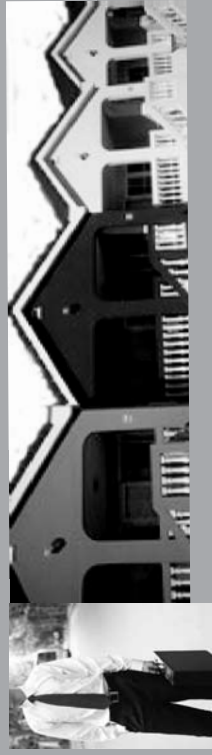

October 23

Accredited by:

Institute of State and Regional Affairs

ECONOMIC & WORKFORCE DEVELOPMENT DATA WORKSHOPS

The Pennsylvania State Data Center is pleased to offer a workshop geared toward public

officials and professionals involved with economic development at all levels. Understanding the state of your local economy is the first step in developing effective strategies for growth. We'll show you how and where to access data that you can use to identify new economic opportunities in your community.

Important Information:

- The workshops will begin promptly at 9:00 a.m. and end at 4:00 p.m.
- Attendees should arrive between 8:30 and 8:45 a.m. to receive Internet passwords, please bring a photo ID.
- Lunch is on your own from noon - 1:00 p.m.
- Seating is limited so register early.

You'll Be Able To:

- Locate and download data that you can use to develop an economic snapshot of your community
- Locate and download data that you can use to identify economic growth, local strengths, and local opportunities, using concepts like location quotient and shift-share analysis
- Confidently use data sources like the 1990 & 2000 Census, American Community Survey (ACS), Population Estimates and Projections, Industry and Workforce data, Housing and Transportation, & more!

Why Attend?

- Many communities hire consultants to locate and analyze workforce and demographic data for them, but this can be costly. We'll show you how to find the data quickly and easily online.
- **This is a hands-on workshop** - all attendees will have access to a PC with Internet capability, each student will be asked to create custom data profiles and tables.
- Our staff is the leading expert on decennial Census and other types of data for Pennsylvania and our trainers are knowledgeable, professional, and effective.
