

The 2020 Pennsylvania Data User

Start Date: 5/14/2020 8:00 AM

End Date: 5/14/2020 4:00 PM

*****REGISTRATION IS NOWCLOSED. Thank you to all who registered for the annual Pennsylvania Data User Conference. All spots have been filled for this year's conference. *****

PLEASE NOTE: This year's conference will be virtual due to the COVID-19 pandemic. We will send out links to attend the conference in the days before, so please provide an email that you check regularly.

The PA State Data Center presents the annual Data User Conference, presenting sessions about data collection, analysis, and information about the US Census in Pennsylvania.

The Pennsylvania State Data Center serves as Pennsylvania's official source of population and economic statistics. In addition to acting as Pennsylvania's liaison to the Census Bureau, the PaSDC is the state's representative to the Federal-State Cooperative Programs for Population Estimates and for Population Projections.

Location(s)
